GREENOCK

Dear Dr Gupta

That you very much for attending so promptly to my daughter's eye problem. I was extremely grateful since I had been very worried as she was suffering a lot of pain, so your prompt attention was very welcome indeed. I should also like to thank the lady Doctor who also attended to her at John's request, and express how grateful I am to her.

Can I take this opportunity of wishing you and your family great happiness during this festive season.

Yours sincerely

Cathie Allan
